För att beräkna kostnaderna har vi tagit hänsyn till spreaden på samtliga produkter som vi erbjuder, såsom Bull & Bear-certifikat och warranter (för Turbo24, se separat faktablad), och på respektive underliggande tillgång, i december 2023. Vi räknar med ett investeringsbelopp på 10 000 euro för varje underliggande tillgång. Handelskostnader (courtage) är för närvarande 0 €. Både kostnader och eventuella beräkningsformler, samt variabler i detalj, finns i de officiella utfärdarnas dokument «Final Terms» och «Key Information Document (KID)». IG kan ta emot incitament från utfärdaren vid positioner med ett nominellt värde på 500 € eller mer, beroende på den handlade volymen. För mer information, läs vår konfliktpolicy som du hittar på vår webbplats: https://www.ig.com/usermanagement/customeragreements?igCompany=igse&agreementType=summary_conflicts_policy&locale=sv_SE
