IG HONG KONG 50 STOCK INDEX OPTIONS PRODUCT DETAILS

Quotation	For Hong Kong 50, the spread will range from 6 to 16 points.
Expiry	Last trading day is the business day immediately preceding the last business day of the contract month.
Dealing Hours	24-hour dealing starts at 09:30 (Singapore time) on Monday and finishes at 04.15 (Singapore time) the following Saturday. Ask dealers for information about public holidays.
Margin Requirement	<p>The margin requirement for buying a stock index option is the opening price (or premium) multiplied by the contract value (per point in the underlying market). This is the maximum possible loss on the position.</p> <p>The margin requirement for selling a stock index option is equal to the margin required for an equivalent sized CFD in the underlying market, and never more than the margin required for an equivalent sized CFD in the underlying market.</p>
Rollover	Options are not available for rollover, regardless of any instructions held on your account. All options settle basis a pre-determined expiry rule. To find out more, take a look at each market's individual information in-platform.
Additional Notes	<p>When you trade in a currency other than your base currency your profit or loss will be realised in that currency and will be booked to your account in that currency.</p> <p>As a default, we will automatically convert any positive or negative balance on your account in a currency other than your base currency to your base currency when your position is closed. You may change this default at any time via our trading platform or by calling us.</p>
